

## A note from our founders.

Hello, and the very best wishes to all for a healthy and successful 2018.

As you know, we have retired and are looking forward to some personal time. (Our bucket list has really grown over the years.)

It has been 35 satisfying years working with you, our customers and suppliers. We want to thank each of you for your trust and for sharing in this journey with us.

We are confident you are in good hands with our daughter Shelley Sheehan, her family, and their staff—including, of course, Ryan King.

The Sheehans have been working towards this transition with us for the past three years. They are bringing fresh eyes to North Line and the intelligent traffic industry. You will continue to receive superior solutions and support, and some new North Line solutions, we're sure.

Thank you for memories we will cherish and talk about for years to come.

Our very best regards,

Bernie and Claire Timothy
