count on our impact-resistant, **watertight** Canadian cases

SERVICE

benefit from **40 years of experience** with support and service

VEHICLE, CYCLIST, AND PEDESTRIAN VIDEO DETECTION SOLUTION

The OWL is the instinctive choice for non-intrusive vehicle, cyclist, and pedestrian video detection. Its high-definition colour camera captures 170-degree views, and operates with a built-in timer for unsurpassed precision. With optional LTE connections, solar panels or additional batteries, the OWL is optimal for short- and long-term traffic studies and permanent placement. Call +1 905-985-2120 for an OWL today.
